We want to hear from YOU!

Our Q & A panel has a very important speaker: YOU! Encouraging our youth attendees to ask a question to our panel before taking a turn in our 'youth hot seat' as a member of the panel. Join our young panel of changemakers to discuss your opinion on community issues and social action.

What are 'Family Groups'?

Family Groups are mentoring sessions facilitated by near-peer university student mentors. They create a safe space for youth to engage in challenging discussions around nonviolence, peacebuilding, social inclusion and human rights.
